

Impress-Newtex Composite Textiles Ltd. has celebrated **World Environment Day 2023**. This year WED, 2023 theme was **“Solutions to Plastic Pollution.”** Plastic Pollution is a major threat for our environment, aquatic life as well as human health. There is no alternative to reuse and recycle of used plastic in our daily life for betterment of our environment.

To make awareness among the employees and people around the factory a rally was held at **Impress-Newtex Composite Textiles Ltd.** Employees from different sections participated in the rally. After completion of the rally, the tree plantation program was also held inside the factory.
